

# great port in a storm!

# great port in the sun!

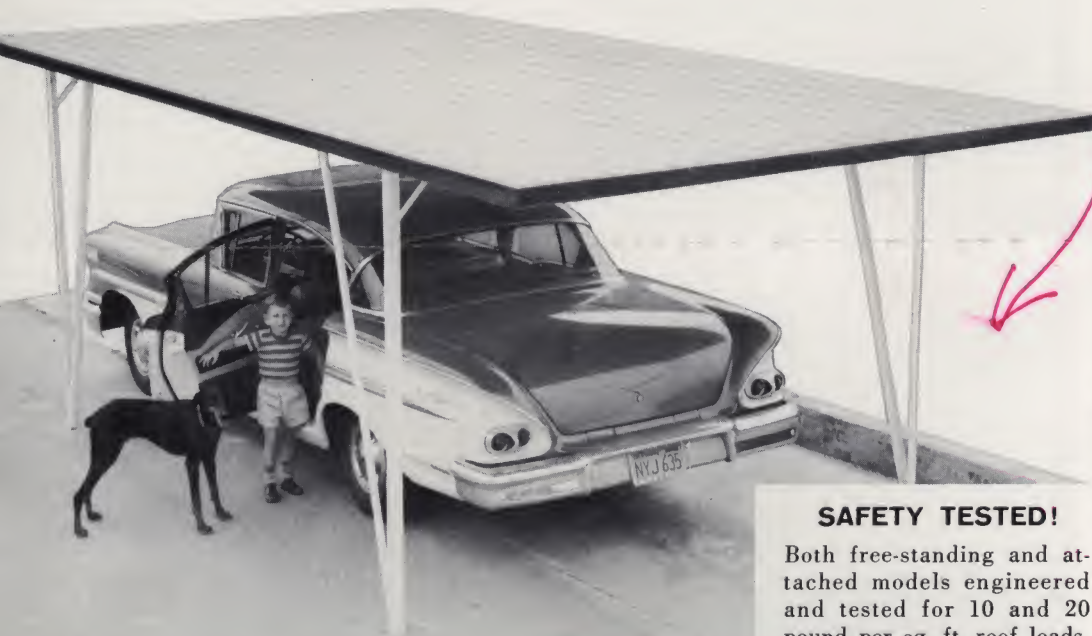

## it's the new **H/D MULTI-PORT** *the new aluminum shelter at a remarkable low price!*

Here's the way to keep cool and dry in any weather: put up the new H/D Multi-Port! For patio, carport, utility shelter and many other uses it keeps sun and rain at a distance. More

than just a shelter the H/D Multi-Port makes a handsome addition to any home. In gleaming white with green trim, it comes completely packaged for do-it-yourself installation.

# use it as a **CARPORT**

Either free-standing or attached to the house! It's full 10' by 20' size for plenty of space all around. The weather-tight roof is made of interlocking panels of a special aluminum alloy with a two-coat, baked enamel finish. It won't blister, corrode or change color. The complete understructure is galvanized steel, bonderized and painted to resist corrosion and rust.

## **SAFETY TESTED!**

Both free-standing and attached models engineered and tested for 10 and 20 pound per sq. ft. roof loads.

**COMES COMPLETELY PACKAGED** with easy-to-follow instructions that make it a simple do-it-yourself job a guy can do by himself.

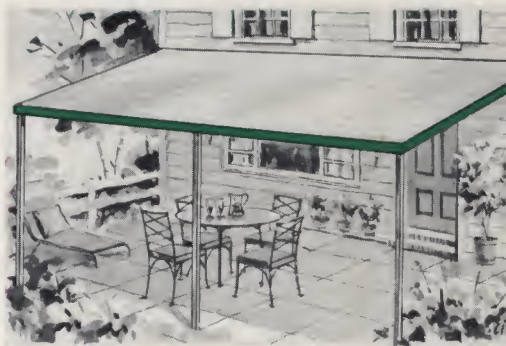

# use it as a **PATIO ROOF**
